PROFESSIONAL SUMMARY

Computer Science student at BINUS University specializing in mobile app security, API penetration testing, and network security. Certified Network Security Practitioner (CNSP) with expertise in SAST/DAST, APK reverse engineering, and OWASP MASVS standards. Proven ability in vulnerability assessment and ethical responsible disclosure, backed by strong leadership skills.

EDUCATION & CERTIFICATION

- **Student of CyberSecurity at Bina Nusantara University (BINUS) GPA: 3.61/4.0**
- **Certified Network Security Practitioner (CNSP)** — The SecOps Group (Merit Pass)

TECHNICAL SKILLS

- **Security & Pentesting:** Mobile Security (SAST/DAST), API Pentesting, APK Reverse Engineering, Root & SSL Pinning Bypass.
- **Tools & Frameworks:** Burp Suite, JADX-GUI, Frida, Apktool, Zipalign, Visual Studio Code, Eclipse.
- **Programming & DB:** Python (Biopython, Matplotlib), C (AVL Trees), SQL (MariaDB, MySQL), JavaScript, HTML5/CSS3.
- **Standards & Cloud:** OWASP MASVS, CVSS v3.1, Supabase (PostgreSQL), Responsible Disclosure.

SECURITY & TECHNICAL PROJECTS

- **SmartStudy — Task & Course Schedule Management System**
Developed a web-based academic productivity application utilizing an automated SKS priority scoring algorithm.
Integrated Supabase (PostgreSQL) cloud database supporting multi-user data isolation and real-time synchronization.
- **Public Sector Mobile Security Audit (Ethical Research)**
Conducted traffic interception and endpoint analysis on a large-scale public sector Android application.
Applied strict Responsible Disclosure practices by securing findings and refraining from publishing actionable PoCs.
- **HackTheBox (HTB) Cap Penetration Testing**
Performed systematic network and web enumeration to gather intelligence and secure initial access, followed by privilege escalation.
- **Computational Data Systems & Python Scripting**
Developed custom Python scripts for biological data parsing/visualization and designed complex relational database schemas.

ORGANIZATIONAL & VOLUNTEER EXPERIENCE

- **Event Coordinator** — *Sharing and Caring Event*, KMBD BINUS University Led a cross-functional team to plan logistics, timelines, and execution for a university community service event.
- **Volunteer Computer Educator** — *Community Service Program*
Taught basic computer operation and digital literacy to elementary school students using simplified materials.
